

With 6,200 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: the interaction between engineering and natural sciences as well as social and cultural studies drives both technological innovations and progress in knowledge and methodology. It is not only the roughly 34,200 students who benefit from this.

The Faculty of Spatial Planning at TU Dortmund University is seeking to fill the position of a

Professor (W 3) in Urban and Regional Planning

starting on 01st March 2018. The successful candidate will specialize in research and teaching in the field of urban and regional planning.

TU Dortmund University is seeking an outstanding individual and established scientist in the field of urban and regional planning. The professorship focuses on questions of integrated settlement development on local and city regional levels. This includes societal and institutional conditions as well as methods, procedures, and instruments of urban and regional planning, in particular of urban land-use planning.

Applicants should have a planning science background and relevant research experience in one or more of the mentioned areas demonstrated through national and international publications in high-ranked journals. A profound knowledge of the German planning system, in particular of urban land-use planning, is expected.

The successful candidate should contribute to collaborative research projects within TU Dortmund University and beyond. Raising third-party funds is expected.

An adequate contribution in German and English language to the faculty's curriculum is also expected. This includes the willingness to supervise planning and urban design studios. The successful candidate should display social and leadership skills and be willing to contribute to the academic self-administration.

Hiring requirements are based on § 36 HG of the State of NRW.

TU Dortmund University strives to increase the number of women in academic research and teaching and therefore strongly encourages women to apply.

Disabled candidates with the appropriate qualifications will be given preference.

TU Dortmund University supports the compatibility of work and family life and promotes gender mainstreaming in the university community.

Comprehensive applications, including the usual documents (CV, list of publications etc.), should be sent by both regular mail and e-mail (as pdf-file) by 15th September 2017 to the following address

Dean of the Faculty of Spatial Planning
