

With 6,200 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: The interaction between engineering and natural science as well as social and cultural studies drives both technological innovations and progress in knowledge and methodology. It is not only the roughly 34,500 students who benefit from this.

The Faculty of Architecture and Civil Engineering at TU Dortmund University is distinctive because of the collaboration between the two Departments of Architecture and Civil Engineering in the “Dortmund Construction Model”.

The Faculty of Architecture and Civil Engineering at TU Dortmund University is seeking a

Professor (W1) with W3 tenure track in “Solid building construction”

commencing as soon as possible. The successful candidate will specialize in research and teaching in the field of construction with a particular focus on solid building construction.

Applicants should have demonstrated their scientific expertise, especially in the fields of sustainability, durability and architectural design, by publications in recognised organs as well as by their major contributions to the realization of outstanding architectural works.

Candidates must be prepared to participate in research alliances and collaborations within TU Dortmund University and beyond.

Experience in the acquisition of third-party funding is an asset.

An adequate contribution to the faculty's curriculum is expected.

The successful candidate possesses social and leadership skills and is willing to participate in academic self-governance.

The recruitment requirements are based on § 36 and § 37 HG NRW (law governing universities in NRW).

The appointment is initially for three years as a temporary civil servant. In the course of the third year, this status will be reviewed and may be extended for a further three years depending on performance. At the end of this six-year assistant professorship at the latest, the tenure track will lead to continued employment as a tenured W3 university professor, provided that the necessary aptitude, competence and academic

performance have been demonstrated and that the legal requirements pertaining to § 38 HG NRW are met. TU Dortmund University strives to increase the number of women in academic research and therefore encourages women to apply.

TU Dortmund University is an equal opportunity employer and gives preference to candidates with disabilities if equally qualified.

TU Dortmund University supports the compatibility of family life and work and promotes gender equality in the university community.

Please send your application, including the usual documents (CV, list of publications etc.) by e-mail (in one pdf-file) to the following following address by 06.03.2019:
