

With more than 6,200 employees in research, teaching and administration and its unique profile, TU Dortmund shapes prospects for the future: the cooperation between engineering and natural sciences as well as social and cultural studies promotes both technological innovations and progress in knowledge and methodology. And it is not only the more than 34,200 students who benefit from that.

The **Faculty of Business and Economics** at the Technical University of Dortmund invites applications for a fixed term

### **Postdoc in Economics**

to begin September 1<sup>st</sup>, 2017 or later. The duration of the contract for this position depends on the personal qualification status, initially not exceeding three years.

Salary levels are according to official pay scale 13 TV-L, or TVÜ-L if applicable. The position is a full-time position. In principle a reduction to part-time is possible. The possibility of further scientific qualification is given.

#### **Requirements:**

Prerequisites for employment include a completed degree in economics or a related field, as well as the completion of a relevant doctorate with excellent marks. The candidate has the ability to conduct high-level research independently and within a team of scientific colleagues.

Preference will be given to candidates with a focus on microeconomics, in particular on game theory and its applications and/or behavioral testing.

#### **Tasks:**

Teaching classes (4 hours weekly) and support in administrative affairs.

The TU Dortmund aims at increasing the percentage of women in science and therefore encourages women to apply.

Disabled candidates with equal qualifications will be given preference.

Applications, including a curriculum vitae, copies of degree certificates and names and contact details of two references, should be sent – stating the reference no. **w56-17** by **23.08.2017** at the latest:
